Product Type	**grizzly planer**

grizzly planer	• **Grizzly G0939 – 13" 2 HP Benchtop Planer:**
	  ○ **Features:**
	  ▪ Equipped with a stainless steel table for smooth planing and resistance to rust and tarnish.
	  ▪ Fixed-height table design allows for permanent infeed and outfeed roller setups.
	  ▪ 2" diameter 3-knife cutterhead provides a smoother finish on the first pass compared to 2-knife cutterheads.
	  ▪ High-speed steel (HSS) knives are heat-treated for enhanced hardness and wear resistance.
	  ▪ Includes a depth-of-cut indicator up to 1/8" and a side-mounted 2" dust port with a 4" adaptor.
	  ○ **Portability:** Features easy-carry handles, making it suitable for job sites and convenient storage in home workshops.
	
	2. Mid-Size Planers:
	
	• **Grizzly G1021X2 – 15" 3 HP Extreme Series Planer with Helical Cutterhead:**
	  ○ **Features:**
	  ▪ Helical cutterhead design for smoother cuts and reduced noise levels.
	  ▪ Robust 3 HP motor suitable for handling various hardwoods.

	▪ Precision-ground cast iron table ensures stability and accuracy during operation. ○ **Applications:** Ideal for small to medium-sized woodworking shops requiring a reliable and efficient planer. **3. Industrial Planers:** • **Grizzly G1033X – 20" 5 HP Helical Cutterhead Planer:** ○ **Features:** ▪ 20" planing width accommodates larger workpieces. ▪ Helical cutterhead with indexable carbide inserts for superior finish and longevity. ▪ Powerful 5 HP motor designed for continuous industrial use. ▪ Heavy-duty construction with precision-ground cast iron components for durability and accuracy. ○ **Applications:** Suitable for high-volume production environments demanding consistent performance. **4. Jointer-Planer Combos:** • **Grizzly G0959 – 10" Benchtop Jointer/Planer Combo:** ○ **Features:** ▪ Compact design combines jointing and planing functions, saving space in small workshops.

	▪ Equipped with a segmented cutterhead for improved surface finish. ▪ Suitable for hobbyists and small-scale woodworking projects. ○ **Performance:** Offers impressive surface quality, especially considering its affordable price point.
