Description:

SP-DVII is a panel mount receipt printer with print widths of 58 mm respectively. Ideal for use where a printer mechanism may have been considered due to its 'integrated design', the SP-DVII take the hard work out of design by providing a simple and finished product that can be connected as easily as any external printer.

Application Area:

The printer SP-DVII can work on a lot of locations, such as Medical Equipment, Measureing equipment, Security Equipment, Analyzing Instrument&Meter, etc.
