

## Product Description

### Large Eyeliner Foil/Musion Eyeliner System/3D Stage Hologram Foil/Hologram Projection System for Concert&Fashion Show

### Large Musion Eyeliner System/Holographic Display Projection System for producing pepper ghost effect and utilize it for large public events like concerts

Our Eyeliner Stage holographic foil is a high definition holographic video projection screen allowing spectacular 3-dimensional moving images to appear within a live stage setting using Peppers Ghost technology. This Eyeliner foil brings dramatic, previously unseen 21st century video film effects to live events, including audiovisual artistic performances, conference or trade show presentations, retail displays and large-scale digital signage.

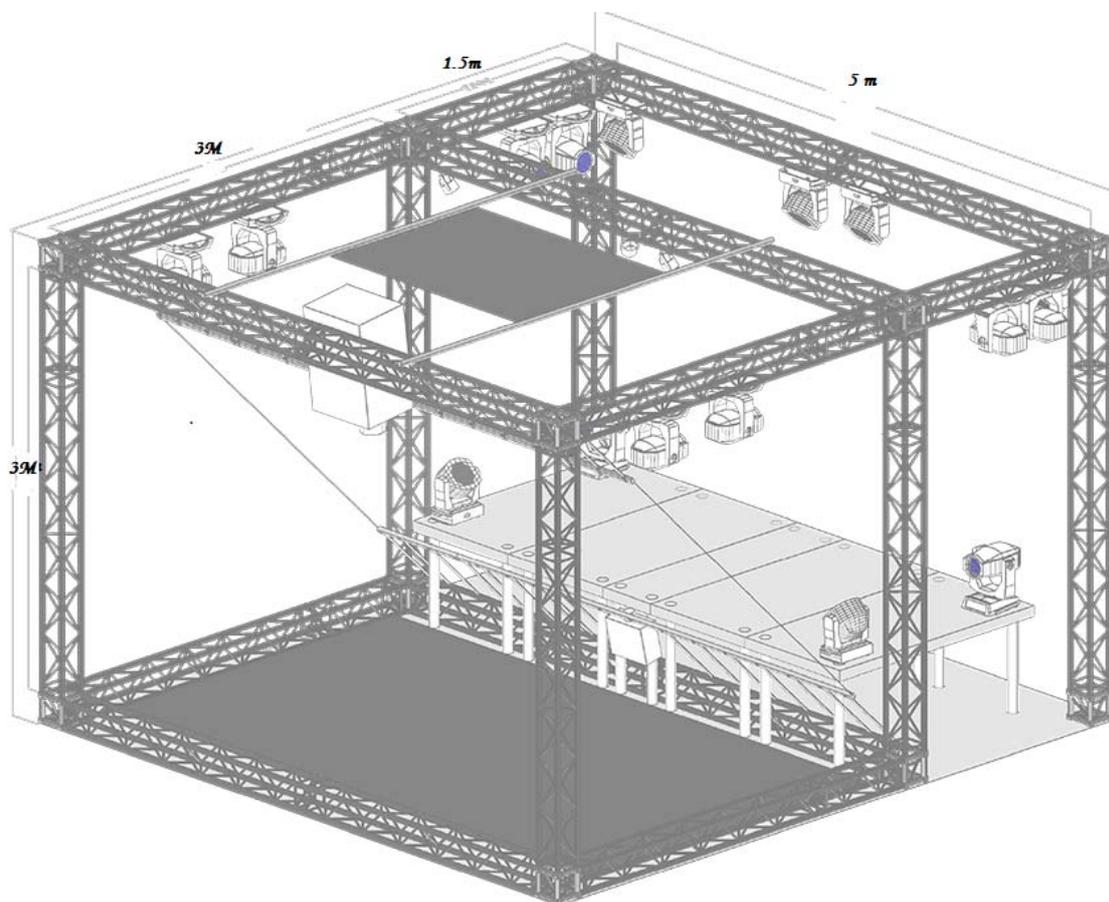

This thin metalized film is placed across the front of the stage at an angle of 45 degrees towards the audience; recessed below the screen is a bright image supplied by an LED screen or powerful projector. When viewed from the audience's perspective, the reflected images appear to be on the stage.

Advertiser are creating 3D holographic effects on an invisible polyester foil screen to enable a live audience to see people or products on a real stage when they are not actually there.' Shopping centers are one of the prime venues for this type of advertising, where large crowds may quickly gather to see 'live' bands and celebrities.

**Holographic Projection System Elements including:**

- HD projector and lens - number of lumens depending on size of required projection, stage and audience.
- Reflective surface/The bounce screen
- HD media player - to run the HD content.
- Our 3D-holofilm - the key ingredient to creating our 3D holographic displays
- Our unique tension system to secure the 3D-holofilm in place.
- Steel pipe frame to attach 3D-holofilm to the truss.
- Stage set-up essentially a "black box" constructed using aluminum truss, black drapes, staging, lights, and a audio system.
- 3D holographic Content Creation of a 3D-video produced HD film, animation and special effects.
- Lighting and audio systems to add to the dramatic 3D hologram effect

**Holographic Stage** is a high definition 3D holographic video projection system creating life-size holograms to magically appear within a live stage.

**Holographic Stage** is designed to work in public performance areas such as concert venues, theatres, exhibition centers, nightclubs, marquees, large office environments, retail stores and TV studios.

**Holographic Stage** brings previously unseen futuristic film effects to live events, including audiovisual artistic performances, conference or trade show presentations.

**We could, for instance**

- Beam your CEO onto the stage as a 3D hologram. He could then give a speech to an audience
- Show off your company logo and latest product as a spinning, animating 3D hologram
- Allow a real presenter or celebrity to have a conversation with a virtual version of themselves
- Have 1 live concert performance live while streaming the performance to different cities and locations at the same time

Item	Width	Length	Thickness	Transmittance
Holographic Screen	10 Meter	30 Meter	95um	97%
Reflectance	View Angle	Gain	Stretching Resistance	Hardness
19.70%	160 degree	2	880.LBS%	3H

### **Packaging & Shipping**

Water pipe roll package for saving transportation, it can be shipped by air or sea

Shipping way:

DHL, UPS, FEDEX, TNT, EMS

Shipping to Brazil will be EMS, Brazil customers should supply CNPJ Tax Number.

### **Our Services**

#### **Trust us over 10 years experiences for export.**

You are very important to us and our aim is to make you not only one of our customers, but one of our fans. Part of our excellent customer service is to offer discounts on multiple purchases when we can.

We supply 24 hours service by the following way:

**skype:** smaxscreen

**email:** info#3dholodisplay.com

**mobile:** 0086-18923446686

### **FAQ**

If this all seems a little too technical for you, then why not get in touch with us...

We're always happy to help and offer advice. Simply email us using the link below.
