WIN450/NP Multi-Purpose Offset Press

Performance:

- 1) Model Win 450/NP Multi-purpose offset press, absorbing the essence of many other presses, is newly designed and produced with advanced technology.
- 2) This model can be used to print all kinds of color products such as color pictures, front and back covers of magazines and is also suitable for numbering on the products such as invoice. Documents and I.D.C Card. Both PS plate and easy-making low cost paper-based master could be used with this machine. With the advantage of reliable quality, easy adjustment and operation, this machine is one of the ideal equipment to be used for good quality quick printing.
