**TBT50/3D/5D Elliptic Binding Machine**

1. Quotation:

TBT50/3D/5D      USD.-/unit

2. Terms of Payment:

30% deposit by T/T when confirming the order

70% balance by T/T before shipping.

3. Performance:

With the machine speed regulation by frequency transformer, PLC program control and PID temperature control, photoelectric identification control and automatic test and control many advanced technologies are adopted. At the same time, many foreign electric elements and pneumatic elements are adopted in order that the machine has higher stability. Because the machine also has the breaker of mucus equipment, driving wastepaper adsorption apparatus and automatic out-book equipment, it is more perfect. The machine can be used to gluing binding with thread and gluing binding without thread. It is the best equipment for binding of books in printers and binderies.
