

Machine		IR PREHEATING PLATER	Model	T-8120	Picture
Power Voltage		AC220V/110V 50-60Hz			
Mode Of Heating		Infrared component heating			
Power	Total Power	800W			
	Preheater	600W			
Preheating plate temperature adjustable		0-450℃			
Working bench parameters	Working bench size	120x120mm			
	Preheating area	200X240mm			
Package	Package size	300X270X150mm			
	Weight	3.5Kgs
