

Fiber Cloth Tape

(N105 920 02)

Function: specialized in auto wire harness tape. This product is adopt good radix material, have strong superficial anti-dirty ability and high temperature resistance stability.

Characteristic: ▶ Meet the Car Engine radiator high temperature resistant requirements
▶ Protection with the automotive high strength abrasion parts

Technical Data

	Dimension	Values
Thickness	mm	0.25±0.03
Width	mm	19
Adhesion Strength	N/cm	4.1
Tensile Strength	N/cm	160
Elongation	%	22
Temperature Range	°C	-40/150
Abrasion resistance		410
unwind strength	N	5.0
Tear by hand		NO
Flame stability	mm*min	61
Noise reduction	dB	4

Gule : Pressure sensitive adhesive

colour: black

structure: high quality rubber fiber cloth adhesive tape, strong anti-aging ability

Certificate: ▶ company system: TS16949

▶ Product test reports: SGS, OTS approval by China FAW-VW , CTI

Length	Width	Inner core	Outer diameter
25m	19mm	38mm	~100mm

* the size can be customized according to the requirements of customers
