

Specification

1. Conductor: 1.02mm or 0.64mm CCS or bare copper. Conductor diameter can be produced as per customer request.
2. PVC or PE jacket.
3. 500meters or 1000meters per roll.

Physical dimensions

Diameter of conductor, mm: 1.02mm +/-0.01

Min. Insulation thickness. Mm: 1.00mm

Overall diameter

Major. Mm: 6.85-7.50

Minor. Mm: 3.85-4.5

Physical tests

A. Conductor

Elongation, %: 1.5

Tensile strength, kg/mm²: 128

B. Insulation

Elongation, %: 7.5

Tensile strength, kg/mm²: 0.0186

C. Electrical tests

Conductor resistance, ohm/km: 80.4

Packing

Or we can produce all these cable as per buyers request.
