solar street light

style:HDL003

NO	Component name	Specifications	Quantity	pic of whole set	
1	solar panel	polycrystalline solar panel:80W Cell Efficient:16.5% Lifetime:More than 20years	2		
2	LED	LED: 42W,90lm,white color,colour temperature 5000~7000K;small single particles is 1W/pcs; 24V	1		
3	controller	Specialized solar controller;two-way technology,time+light control function,first 5 hours light on with full power,last 5 hours light on with half power DC 24V, 10A	1		
4	constant current source	the current will be constant when using this part,this will protect the load and extend the life of the load	1		
5	storage battery	maintenance free gel battery, DC12V, 80AH	2		
6	mounting bracket	hot-dip galvanizing spray treatment, anti-rust, anti-corrosion	1		
7	battery case	hot-dip galvanizing spray treatment, anti-rust, anti-corrosion	2		
8	cables and other accessories		1		
9	light pole	8M;hot-dip galvanizing spray treatment, anti-rust, anti-corrosion	1		
Total:				working hours: 10 hours sunshine hours: 5 hours continuous cloudy days: 3 days	

different place will have different configuration, pls contact us when you have doubt
