- T1 LED headlight

Brand: iLightSky

LED brand: Philips ZES

- Power: 20W
- Voltage: 12-24V
- Lumens: 1500lm
- Driver integrated: no extra driver
- Heat dissipation: no fan-excellent grade 7 aluminum heat dissipation material
- Lifespan: >30,000 hours
- 3 colors temperature: 3000K, 6500K, 8000K
- Warranty: 1 full year (no human damage)
- Available models: H1, H4, H13, 9004, 9007, H15 high/low beam and H7, H8, H9, H10, H11, H16 (JP), 9005, 9006, 9012 5202, 880 and 881 single beam
- Advanced X3 with more advantages:
 - Use MPS latest technology-IC intelligent temperature controlling system: automatically adjust brightness recognize driving or non driving situation
 - Driver space saving, fit to all cars, no need drill
 - Perfect fit to lens hood, best lighting focus
 - Smaller size, same as tungsten lamp, easier for installation
 - Good performance for heat dissipation, intelligent heat cooling
 - Adjustable chunk angle-easily adjust the base beam angle (360°)
- Utility patent: 201520524872.8
- Industrial Design: 201530254597.8
