

- Product Name: AD-1050 Automatic Sheet Stacker

Characteristic

AD-1050 stacker is specially developed and in line with the printing machine equipments. It features as below:

The transfer unit with infinitely variable speed transmission, meets the different requirements of printing.

The collection unit can make paper pile in good order by jogging.

Specification

Max. Sheet Size (mm)	1050x750
Min. Sheet Size (mm)	560x350
Pile Height (mm)	650
Max. Speed (sheets/h)	4000
Compressed Air (Mpa)	≤0.6
Voltage (v)	380
Total Power (kw)	0.8
Dimension (LxWxH) (mm)	1245x1600x1012
