

Huizhou Yinghua Electronic Co.,Ltd

Established in 2001, Huizhou Yinghua Electronic Co.,LTD is a professional manufacturer and solution provider of high-quality automatic voltage stabilizer ranging from 500VA to 60KVA, solar integrated inverters and UPS ranging from 500VA to 10KVA, solar power system ranging from 300W to 5000W, transformers and converters, with brand name of "Powerhero" and "Ipower".

Why us?

1. We have been a pioneer of technology in CN. We explored the key technology of aluminum transformer production and became the first aluminum transformer supplier.
2. ISO & CE certified.
3. 10+ years of OEM experience.
4. A mighty R&D team.
5. Over 200 well-trained workers.
6. Customized products to meet different clients' need and various products.
7. Complete range of high-quality products including AVR/Inverter/UPS/Solar Inverter/Transformer.
8. 19,000 m² factory with well-equipped facilities to produce better products.

15KVA-60KVA

3-phase Hybrid Automatic Voltage Regulator

Separated-regulating 3-phase stabilizer

Model	SHE 130v-270v~	SHE-9000	SHE-15000	SHE-25000	SHE-30000	SHE-45000	SHE-60000
	THE 110v-270v~	THE-9000	THE-15000	THE-25000	THE-30000	THE-45000	THE-60000
Rated Capacity		9000VA	15000VA	25000VA	30000VA	45000VA	60000VA
Phase		Three phase					
Transformer		C.R.G.O. toroidal transformer					
Indicator		LED graphic					
Display Status		working and loading					
Output	Frequency	50/60 Hz					
	Voltage	110/120/220/230/240 Vac optional					
	Precision	± 1%-3%					
Protection		overload / high temperature / high voltage / low voltage / short circuit					
Delay Function		delay / un-delay (180/6 seconds selectable)					
Efficiency		0.98					
Cooling System		Smart cooling for 3000Va and above					
Environmental	Operating Temperature	0 - 40 °C					
	Relative Humidity	10%~102% RH, non-condensing					
	Storage Temperature	- 15 - 45 °C					
Appearance	Size (Max. mm)	229.5×464.5×297		350×590×420		384×480×641.5	
	N.W. (kg) SHE	27.2	34.0	56.1	60.4	71.5	77.1
	N.W. (kg) THE	27.5	34.5	57.4	62.1	73.8	80.7
Packing	Qty/Ctn	1					
	Carton Size (mm)	350×585×430		470×710×560		505×760×620	
	Carton G.W. (kg) SHE	28.2	35.0	57.1	61.4	72.5	78.1
	Carton G.W. (kg) THE	28.5	35.5	58.4	63.1	74.8	81.7

Product Description

SHE/THE series three-phase stabilizer is with hybrid technology, intergrated servo motor and relay type together to realize quick response and high precision. It adopts the separated-regulating technology which can make sure the high precision output even if used in three-phase extremely unbalanced electricity.

Product Feature

- Compatible servo-motor type & relay type AVR features;
- With servo-motor type AVR high-precision while without the instant high voltage surge;

- With relay type AVR quick response instantly reach $\pm 3\%$ precision.
- Authentic zero-crossing technology
- Taylor-made C.R.G.O. toroidal transformer
- High performance and high speed MCU control
- Wide input voltage range 225Vac~465Vac/190Vac~465Vac

- The best features of H-series voltage stabilizer is that one-phase working or three-phase working are selectable.
- And one-phase can still keeps working even another phase is without voltage.

Payment

30% T/T in advance, 70% before shipment.
Sample in 100% T/T.

Warranty

12 months

After-sales service

Each order has 3 engineers to provide technical support.
And one customer service representative to follow up the order.
Must response within 12 hours

Note:
