

Wood grain texture for a more immersive experience.

Himalayan salt stone

Silent operation

Spatial Ambience Projection

Aromatherapy

Waterless Power-off
Protection

Hydrating and
Nourishing

Bring home the wind that sweeps the Himalaya
and feel your weariness dissipate on its currents.

Natural minerals carry the spirit of the untamed wilderness.

A few drops diffuse a scent of crisp,
mountain-filtered air.

火舞瑶光 · 雲影畫梁

More than just a humidifier and aromatherapy device, it also offers 9 ambient lighting modes to choose from.

Knead the warmth of flame into the haze of life,
and let it drift with the smoke through time.
Plant a sense of unforced ease in the very fabric of your room.

JUNMLE Crystal Flame Lamp Humidifier:
Ultra-Quiet Performance.

JUNMLE Crystal Flame Lamp Humidifier:
Sets the ambiance for your space.

How to use the crystal stone flame lamp

- ① Install the tripod first, then open the drawer below to place the crystal.

- ② Open the top cover

- ③ Charge the product via the Type-C interface

- ④ Pour water from the top up to the water level line, then add 2-5 drops of essential oil according to personal preference.

- ⑤ Close the lid and gently press the power button to start the product.
