

USB digital omnidirectional conference MIC Table Top Meeting MIC live chat support WS-AM9

Advantages

WS-AM9 is a USB digital conference Microphone, uses touch key to handle voice and USB HID reverses volume control. Also it contains 3D gesture mike controlling and it enables you to start a meeting quickly only by one USB cable. cooperating with software video system and video screen, such as Skype, webex, zoom video or voice communication system, meeting with higher quality experience, making the meeting more efficient. It is suitable for all kinds of hardware video conference system, education training system, network monitoring system, remote medical system, network monitoring system, smart city system, conference recording system, etc.

Feature

- ※ 6m Radios, High fidelity and high reduction voice; The voice will be clearer and purer, like taking a face-to-face meeting
- ※ Newest 3rd AUCTION audio processing tech
- ※ High Sensitivity Omnidirectional
- ※ USB2.0/3.0 digital technology, support multi-frequency intelligent frequency hopping, strong anti-jamming
- ※ Digital microphone, broadband loudspeaker, audio enhancement
- ※ Built-in battery, smart power saving mode, simple USB charging
- ※ Wireless USB requires no driver, and supports most operating systems such as WINDOWS and Android

Function

- ※ Microphone acquisition distance of 6 meters, no apparent volume and sound quality decline in 3m range; suitable for up to 50 square meters meeting room.
- ※ Support two-way expansion of the microphone, perfect full-duplex communication so that two-way communication will no longer stuck.
- ※ Support USB, is a video conferencing system, multimedia communication systems, Full duplex microphone and can be used as a portable external microphone and speaker for HD music playback and recording.
- ※ Added gesture sensing control function. As long as you slide over the device, you can turn on/off the microphone in limited distance. No need to install the driver, just plug and play. It is compatible with common audio and video conferencing software, such as Skype, Zoom, Cisco, Wechat, Whatsapp, etc., which makes the conference deployment more convenient and efficient.
- ※ Speaker 384ms acoustic echo cancellation, clear, unmixed and not harsh sound high quality, 12 level speaker volume digital control Hands-free, mute, maintain, volume adjustment and other functions, 32KHz uplink and 48KHz downlink audio sampling rate.

Technical Specification

Model No.	WS-AM9
Interface	USB2.0 Full speed interface(compatible with USB 3.0) ,3.5mm audio output interface, DC power interface
Computer Environment	Windows 10(64bit/32bit), Windows 8.1(64bit/32bit), Windows 8 (64bit/32bit), Windows 7(64bit/32bit), Vista SP1(32bit), Vista SP2(32bit), Windows xp, Mac OS, Linux, Android 4.4
Accessories	USB cable (3m), Manual, Rugged box
Built-in lithium battery	7-10 hours
Digital audio processing	384ms echo cancellation; strong anti-jamming; audio enhancement
Sensitivity	-38 dB
DNR level	<45db
Max. Power	2.5W
Power Supply	USB Power Supply(DC 5V / 500mA)
Reverberation time	:<0.5 seconds
Operating Environment	Temp.:0°C - 40°C, Humidity: 20 - 85%(no frost)
Size	Product: 217x206x45mm / Package: 360x280x90mm
Weight	Net: 0.7Kg, Packing: 1.5Kg
Certification	CE, FCC, ROHS
Warranty	One year
