USB3.0x2; TF slot x1; Headset Microphone 2 in 1 x1; miniHDMIx1; DC-INx1;
AD Metal Shell
Front-facing 30W camera
4000mAh/11.4V (Battery Life: 3-4 hours)
The battery life may be affected by the following factors: battery charging and discharging times, operating system, brightness setting of LCD screen, application program (especially video playing, games, etc.), power management setting. Generally, the battery life of notebook computers is limited, and the battery efficiency and use time will decrease with the increase of use times. This kind of normal battery loss is a normal phenomenon.
19V3.42A
About 328mm*220mm*18mm (Thin Place 8mm)
1.7kg
Support win10
