Shenzhen Factory:Second Floor, Building C, No. 6 Tangwei Industrial Avenue, Fuyong street, Baoan District, Shenzhen, China

### Specifications

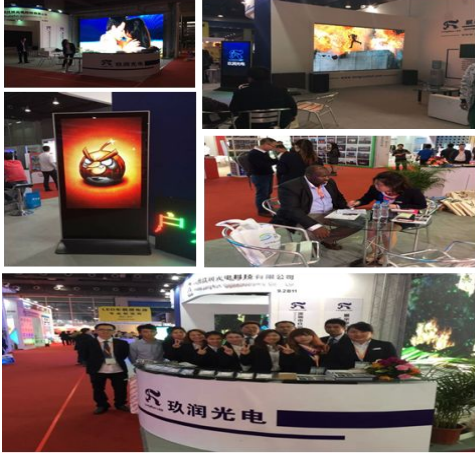

<b>P6 Indoor SMD LED Module Specification</b>	Pixel pitch	6mm	 
	Pixel configuration	1RGB	
	LED type	3528SMD 3in1	
	LED manufacturer and origin	12+13+13mil(RGB) Epistar	
	IC	ICN2026	
	Pixels per sqm.	27777 pixels	
	LED module resolution	32x16	
	LED module size	192*96mm	
	Brightness	≥3000cd	
	Color Temperature	3000K - 10000K	
	Viewing angle	Horizontal: 160° Vertical: 140°	
	Grey scale (linear)	32768 levels per color	
	Brightness adjustment	Manually, Auto Stepless Continuous Adjustment, 14 levels Adjustment	
	Display refresh rate	≥ 1200 Hz	
	Contrast Ratio	4000:1	
	Driving Method	Constant driving	
	Screen Surface Evenness	<0.2mm	
Blind Spot Rate	<0.000001		
Scan mode	1/8scan		
<b>Power supply</b>	Brand	G-energy	
	Mode	Input:100-240V/AC 50/60HZ Output:5V40A	
	Power consumption (max.)	≤600watts/sqm.	
	Power consumption (avg.)	≤220watts/sqm.	
<b>Cabinet</b>	Materials	sealed steel (it's optional)	
	Size	576*576mm(for your reference)	
	Installation Method	indoor fixed	
	Cabinet weight	22kg/cabinet	
	Waterproof	NO	
<b>Operation</b>	Storage environment	Temperature: -40℃~+60℃; Humidity: 10%—90%RH	
	Operating environment	Temperature: -25℃~+65℃; Humidity: 10%—90%RH	
	Lifespan (typical)	≥100,000 hours	
	MTBF	≥10,000 hours	
	Source compatibilities(with video processor)	X Composite, X Component, RGB, SDI, HDSDI, DVI, AV, S-Video, VGA, HDMI, DP	

We hereby certify that aboves are in all respects true and correct and the goods mentioned are of CHINA Origin.

**Remark:**

1. All use Epistar Chip, the best view angel H160/V140
2. All offers above are EXW prices with sealed steel cabinet.
3. This quotation is not including the Tax and Freight Cost.
4. Payment term: T/T in advance or 30% deposit, and the balance 70% will be settled before shipment;
5. Delivery: 10-20 working days after receiving formal order and deposit.
6. Free Training: you could send your colleagues who have some knowledge of electronics to our factory and we will provide free training of how to maintain and repair. Or we can teach you by skype or email one step by one step until you can work it well.
7. Technical Support: We could send our engineer to guide the installation for you. But the relevant cost should be paid by your esteemed company such as visa, hotel, food, plane ticket for back and forth, and should help to arrange our staff visa
8. Three years warranty.
9. MOQ: One square meter.

**Live show of 2015 Guangzhou ISLE LED exhibition**

**Expo Sign & Serigrafia 2013 in Argentina**
