

Parameter

Brand 

Model: FL-17

Item: 2 in 1 Flash Disk

Interface: USB+Type-C

Speed of data transfer: Reading: 60MB/s Writing: 30MB/s

Interface to mobile phone should follow speed of mobile,
do not have standard speeds

Color: Silver

N.W.: 13g

Packaging Dimension: 7.5x15.2x2.2 (CM) G.W.:

Note: Data shown above are from laboratory, will have difference on actual using.

2 in 1 Zinc Alloy USB Flash Disk

USB 3..0 with USB & Type-C interface

Fast Data
Transfer

Metal for
durable using

Auto Drives

Hanging hole
for saving

USB3.0 Protocol For Fast Data Transfer

With USB3.0 protocol,
help with fast speed on data transferring.

Comparing on the speed

USB3.0

5Gbps

USB2.0

480Mbps

2 in 1 Interface For Using

USB + Type-C, two interface for wide using range.

Type-C+usb

Made From Zinc Alloy Shell

Metal shell can provide good protection and good heat releasing, ensure good using of the disk

Help With Using On
Computer

Mature Data Storage Solution

Use TF card as storage core, stable
safe and fast data transferring

Compatible With Rotating Cap

Rotating cap can provend the interface from damage

Multi Storage Range For Selecting

16G

32G

64G

128G

256G
