

Quotation	According to your drawing(size, material, required technology, etc)
Processing	Turning, Milling , drilling, auto lathe, tapping, surface treatment, plating,etc.
Tolerance	+/-0.002 mm - 0.01 mm （Customized available）
Surface Roughness	Ra0.2 - Ra3.2 （Customized available）
Operation Length	Within 1 Meter
Processing Dia.	from 3mm to 110mm
Drawing Formats	PRO/E, Auto CAD, Solid Works , UG, CAD / CAM / CAE, PDF
Our Advantages	1. 24 hours online service .
	2. Quick Quotation /In time shipment.
	3. 100% QC quality inspection before delivery
	4. Strict quality assurance system and Precision testing instruments.
	5. 18+ years of experience in the CNC machining category
	6. senior engineering team to offer perfect modification suggestions.
	7.Plant area is large, machines quantity and models are a lot, high production capacity, can undertake large orders.
Custom CNC Machining Parts of Various kinds of Materials	
OEM is welcome, ODM is OK.
