PRIVATE-LABEL SUPPORT

Product summary: A soft silicone frame that wraps the display housing and exposed edges, helping cushion minor contact while keeping the viewing and touch-control area open.

Family model: TK-TES-SDF | Tool-free slip-on installation | No adhesive or permanent vehicle modification required.

VERSION COMPARISON

The two supplied structures use different dimensions and must not be mixed.

FITMENT CONTROL

Confirm the exact vehicle, market version, display size, outer housing dimensions and screen shape. The depth of the 365 x 231 mm version remains to be confirmed.

SKU MATRIX

Four recommended SKUs separate fitment structure and color.

VARIANT CODE	FITMENT FAMILY	COLOR	MAIN IMAGE
TK-TES-SDF-MY-FC-BK	Model Y Full-Cover	Black	Main_05
TK-TES-SDF-16-BK	16-Inch Multi-Vehicle	Black	SKU_02_Black
TK-TES-SDF-16-WH	16-Inch Multi-Vehicle	White	SKU_03_White
TK-TES-SDF-16-GY	16-Inch Multi-Vehicle	Gray	SKU_04_Gray

KEY FEATURES

- Soft and flexible silicone
- Helps cushion minor everyday contact
- Helps protect exposed housing edges
- Viewing and touch area remains open
- Wider rear edge for added coverage
- Water-resistant, easy-clean surface
- Adhesive-free slip-on installation

BUYER NOTICE

The two versions use different dimensions and must not be mixed. This product protects the display housing and outer edges; it is not a tempered-glass screen protector.

INSTALLATION GUIDE

- Switch off and clean the display housing.
- Confirm frame size and orientation.
- Position one side over the housing.
- Stretch gently around remaining edges.
- Adjust corners until fully seated.
- Confirm unobstructed display operation.

ORDERING CHECKLIST

- Vehicle model and model year
- Market version and screen shape
- Display size and outer dimensions
- Fitment structure and color
- Logo and packaging requirements
- Order quantity and delivery terms
