

Fully transparent TPU + acrylic phone case with a 360° stand ring and camera lens frame mount

Product NO.:PA159

Material:TPU + Acrylic

Craft:Lens Holder

MOQ: 50 pcs/model, 10 pcs/color

Product N.W:42.80g

Made of fully transparent TPU and acrylic materials, this phone case keeps your phone's original beauty visible. It comes with a rotatable 360° stand ring for hands-free video watching and stable holding. The built-in camera lens frame mount offers extra protection for the camera module against scratches and daily impacts.

Clear TPU inner layer provides flexible shock absorption, while the hard acrylic back resists yellowing and scratches. Slim-fit design preserves the phone's original grip.
