

Core Parameters	Details
Product Model	FU1610140004A0A2202_1905
Adapted Position	Front door of Foton Savana (controls front door glass lifting)
Product Type	Electric Window Regulator
	(Components: motor, gear, cross-arm transmission, bracket)
Compatible Model	Foton Savana SUV (precise fit to door internal structure)
Performance Features	- Stable motor power for smooth glass movement
	- Overload protection: auto-stop on obstruction to prevent damage
Installation Method	Replacement install: Remove door trim, disconnect old regulator, install new unit (professional installation recommended)
Maintenance Tips	- Avoid frequent rapid glass lifting
	- Keep door interior clean
	- Check for abnormalities (slow speed/noise) promptly
