

FOR YOU!FOR US!

# Hongkong Ponyo Trading Co.,Ltd. Shenzhen Ponyo Technology Co.,Ltd.

## *About Us*

Ponyo Tech. is located in Shenzhen,China.We are a professional manufacturer of cnc machining parts,plastic injection molding and metal stamping die with rich experience.

With high quality and cost advantage,we grow rapidly to gain more and more Europe and US market.  
Our main target is to help customer *COST DOWN* here!

## *Our Shops*

3rd Year Gloden Supplier of Global Sources

*Visit us here:*[www.globalsources.com/ponyo.co](http://www.globalsources.com/ponyo.co)

2nd Year Gloden Supplier of Haizol

*Visit us here:*<https://www.haizol.com/en/supplier/cid/1375960>

*Learn more to click at* [www.szponyo.com](http://www.szponyo.com)

## *Our Service*

CNC machining service:longmen milling at work space 3 \* 2.5meters.  
turning,milling,drilling,knurling,wire EDM,etching,etc.

Plastic Injection Mold:ABS,PC,nylon, fiberglass mold injection  
Provide with report before starting.  
Hot and cold runner  
90 tons to 1200 tons injection machine

Metal Stamping Die:Single punching die and progressive die  
25 tons to 63 tons punching

Sales Manager: Amy Email: [amy@szponyo.com](mailto:amy@szponyo.com) Skype: amywave1 Tel:86-755-36923422 Cell/Wechat/Whats App:86-13823337095

### *CNC Machining*

- 1.High tolerance:  $\pm 0.005$ mm with very high precision
- 2.Material: AL,iron,steel,stainless steel,tool steel,brass,plastic(nylon,ABS,POM,urethane,etc.)
- 3.Service:CNC machining, milling ,turning,drilling,polish,laser cutting, wire EDM,grinding,welding,etching,knurling.
- 4.Software: Pro/E, AutoCAD, UG
- 5.Surface treatments: chrome plated, Ni-plated, zinc-plated, silver plating, anodizing,powder coating,carburizing,nitriding,heat treatment

### **6.Longmen Miller: 3.0 meter \*2.5 meters plate making**

### *Plstic Molding and Injection*

- 1.Plastic mold design,mold manufacture,mold export and injection
- 2.Mold:Hot and cod runner available.
- 3.Single color mold and Double color plastic mold
- 4.Material:ABS,PC,nlyon,POM,PE,PP,PET,fiber glass etc.
- 5.Surface:paint,silk prints,water transfer,etc.
- 6.Toshiba injection machine with high quality and efficency.

### *Metal Stamping Die*

- 1.Plastic mold design,mold manufacture,mold export and stamping.
- 2.Mold:signel stamping die and progressive stamping die
- 3.Material:AL,iron,steel,stainless steel,tool steel,brass,etc.
- 4.Surface:paint,silk prints,powder coating.

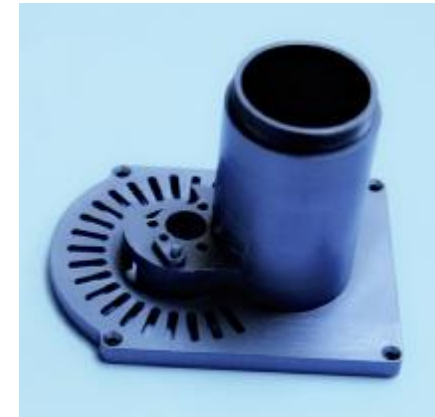

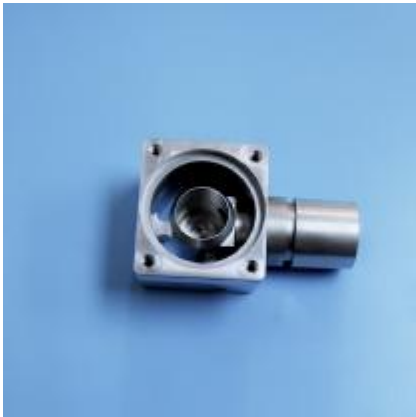

## **FAQ**

1. Professional sales and engineer team work for customer.
2. Feedback within 24 hours. Quotes within 48 hours.
3. Ensured leadtime:  
machining: sample 5-7 days; big quantity: 20 days around  
mold: 15-25 days. production: 10-20 days
4. Inspection: 3 axis measurement, Closed-loop QC system, 2.5D Projector, 3.0 CMM, Thread gauge, Hardness, Caliber. Third Party inspection available if request.
5. Shipping: DHL, FedEX, UPS, TNT with good cost.  
Air and ocean shipping ok to all over the world.
6. Packing: paper, foam, PE bag for well protection. Wood box or wood pallet when needs.
7. RAM: when issues happen, we will remake and send to customer at all our cost.
8. NDA will be supported.
9. Payment: T/T, Paypal (small value)
10. Term: exw factory, FOB, CIF, DDU available.
