2. Package Contents

Mini Keyboard

Rechargeable cable

Quick Installation Guide

3. System Requirements

Supported Operating systems: Windows 98SE/ME/2000/x-P/vista/8/9/10/11.

4. Using the Device

4.1 Hardware Installation

1. Connect the gaming keyboard to a USB port of the computer.

2 The computer will automatically detect and set up the keyboard.

Upon connection, the keyboard can be used right away.

5. Multi-Functional Keys Combination

FN+1	Bluetooth 1: Press and hold FN+1 for 3 seconds. During channel broadcasting (Num), the blue light will flash quickly; when reconnecting/connected, the blue light will stop.
FN+2	Bluetooth 2: Press and hold FN+2 for 3 seconds. During channel broadcasting (Cap), the blue light will flash quickly; when reconnecting/connected, the blue light will stop.
FN+3	Press and hold the FN+3 key for 3 seconds; the green light will flash quickly, entering pairing state. At this point, insert the receiver; the pairing light will stop, and the 2.4G connection will be successful.
FN+4	Switches the backlight breathing effect and control the backlight on/off.

In Bluetooth/ 2.4G mode, the keyboard will automatically enter power-saving mode after three minutes of inactivity (with six minutes of first-level sleep and 30 minutes of deep sleep).

Press any key to wake up the keyboard; the keyboard battery status can be displayed on the computer when connecting via Bluetooth.
