

## 2. Technical Parameters

| Model     | Capacity(T/H) | Maximum power (KW) | Maximum lift height<br>(M) |
|-----------|---------------|--------------------|----------------------------|
| TDTG26/13 | 1-3           | 3                  | 20                         |
| TDTG26/18 | 2-4           | 3                  | 25                         |
| TDTG36/13 | 5-8           | 3                  | 25                         |
| TDTG36/18 | 6-15          | 4                  | 30                         |
| TDTG36/23 | 10-20         | 5.5                | 30                         |
| TDTG36/28 | 15-25         | 7.5                | 35                         |
| TDTG40/23 | 20-30         | 5.5                | 35                         |
| TDTG40/28 | 25-40         | 7.5                | 40                         |
| TDTG48/23 | 25-45         | 7.5                | 40                         |
| TDTG48/28 | 35-55         | 11                 | 45                         |
| TDTG50/23 | 30-50         | 15                 | 45                         |
| TDTG50/28 | 40-60         | 22                 | 45                         |
| TDTG60/30 | 60-90         | 37                 | 45                         |
| TDTG60/33 | 100-150       | 55                 | 45                         |
| TFTG80/46 | 200-300       | 75                 | 45                         |
