Company Profile

Plant Area:	8000 Squre meters
Employees:	400
Main Products:	1-16 layers FR-4 PCB, 1-2 layers Metal PCB
Capacity:	20000 Squre meters/month

Introduction:

HuaGao Electric Circuit CO., LTD is a professional PCB Manufacturer from Guangdong, China. Currently we have two factories, and two Branchesin Shenzhen and Shanghai. With 8000 square meters' plant area, and over 300 employees, the capability is about 25000 square meters each month.The factory is mainly focus on customized double sided, multilayers PCB, and also have capability of making special PCBs, like heavy copper, impedance control, peelable mask, carbon treated board, high frenquncy Board and aluminum boards. Our factory got ISO9001 management certificates and the products gained the UL certificate (UL No.: E483905).

The PCB we made are widely used in electronics, like industrial control, power supply, LED, communication, automotive, security products, medical device and so on.
