

|                      |                                    |
|----------------------|------------------------------------|
| Model No:            | KY-MP044                           |
| Dimensions:          | approx:300*360 / 300*450 / 800*300 |
| Connector:           | Micro USB                          |
| Cable length:        | approx:1500mm                      |
| Back Light LED:      | RGB                                |
| Input voltage:       | 9V                                 |
| Output power:        | 5V 1000mA                          |
| Surface material:    | PVC                                |
| Operating voltage:   | 5V                                 |
| Current consumption: | max.100mA                          |
