

# Micro system with CD/FM/USB/AUX OM-1720DAB

## PRODUCT INFORMATION

1. DAB+ (w/o)
2. FM tuner auto scan
3. Total Music Power 40 Watts (2X20W)
4. Bluetooth 5.0
5. USB Music play system
6. Slot in CD player (CD/MP3/CD-R/CD-RW)
7. Timer, Alarm, Snooze, Dimmer, Sleeper
8. AUX-IN 3.5MM (L/R)
9. Equalizer
10. Wireless charging (10w) (w/o)
11. Dot matrix display
12. Telescopic aerial 75Ω
13. Remote control (AAA\*2)

## Technical Specifications

|                           |                                                                                                                                                                                                                                       |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Display:                  | Dot matrix / LCD display                                                                                                                                                                                                              |
| Bluetooth support:        | BT 5.0,                                                                                                                                                                                                                               |
| USB supported formats:    | MP3 / WMA / WAV / FLAC                                                                                                                                                                                                                |
| CD player support:        | CD-ROM, CD-R, CD-RW                                                                                                                                                                                                                   |
| CD supported formats:     | CD-DA, MP3, WMA                                                                                                                                                                                                                       |
| DAB/DAB+:                 | Band III (174.928 – 239.200 MHz)                                                                                                                                                                                                      |
| FM:                       | 87.5 – 108.0 MHz                                                                                                                                                                                                                      |
| Digital Signal Processor: | DSP included                                                                                                                                                                                                                          |
| Daily functions:          | Timmer, Alarm, Sleep, Dimmer                                                                                                                                                                                                          |
| Connections:              | <ul style="list-style-type: none"> <li>• 3.5mm AUX in socket (Front)</li> <li>• USB port (for playback)</li> <li>• USB charging port 5V1A</li> <li>• 75Ω FM antenna</li> <li>• AC in socket</li> <li>• Wireless charge 10w</li> </ul> |
| Output power (RMS):       | 2x20W                                                                                                                                                                                                                                 |
| Speaker driver:           | 4Ω 30W, 2pcs,                                                                                                                                                                                                                         |
| Power supply:             | AC 100-230V,50/60Hz                                                                                                                                                                                                                   |
| Power consumption:        | <1W                                                                                                                                                                                                                                   |
| Dimensions:               | 430X245X125mm                                                                                                                                                                                                                         |
