

Specification parameters

Parameter categories	detailed information
model	C012
voltage	5V
power	1W
coverage area	30m ³
The capacity of essential oils	35ml
material quality	ABS+PP
pigment; dyestuff	black
control method	Press type
Nucleation principle	Two fluid atomization

net weight	0.36kg
Power type	lithium cell
size	68*66*132.5mm
