Popular POS APP supported such as Loyverse POS, Moka and etc.

Ergonomic Design for Handheld Scenario

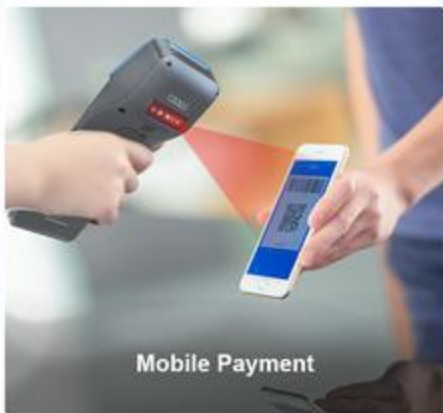

A person wearing a white long-sleeved shirt and a brown apron is holding a blue handheld device. The device has a screen displaying a smartphone interface with icons for Phone, Settings, Messages, and Photos. The device is being held in a way that it appears to be inside a brown paper bag. The background is blurred, showing what looks like a retail or service environment.
