

Product brief

1. Company information

Company name: Shenzhen Revo Design Co.,Ltd

Company Address: 330-f20, building 619, Bagualing Industrial Zone, baguayi Road, Pengsheng community, Yuanling street, Futian District, Shenzhen

2. Product information

Product name: Car air purifier

Product number: RVP-01 Economic Version

3. Product usage

The product can be used in car, on desktop and other environments.

The product purifies air with HEPA filter.

The product detects the air quality and display three colors in different air quality level.

4. Product parameter

Item	Category	Parameter
1	Rated input voltage	DC 5V
2	Rated input current	<1A
3	Rated power	<4W
4	Noise	<35dB
5	Working environment	-10℃~45℃
6	Overall dimension	Height 180mm diameter 66mm

5. Main advantage

Item	Category	Parameter
1	Motion sensor switch	Perform starting, changing wind speed and switching off through motion sensor.
2	Efficient filters combined	Made up of rough filter, efficient HEPA filter and activated carbon filter with high absorption for the purpose of sterilization and purification.
3	Aluminium alloy case	The device shell adopts 2.0mm aluminium alloy case.
