

Automated production of up to 20 million zippers yearly

**Offering integrated services from
raw materials sourcing to assembly**

Established in 1979, we are a one-stop zipper-manufacturing powerhouse. We can offer you integrated services — from raw materials sourcing to assembly — as well as a dizzying variety of zippers, sliders, hook-and-loop tape, textured yarn and more. Our expertise spans three decades and our satisfied clients include buyers in Central and South America, Eastern Europe and other markets.

In our 60,000m² of factory space in Taiwan and mainland China, we use 1,000 sets of automated machinery to churn out 20 million zippers per year. To work with a supplier that combines production power, experience, selection and excellent customer service, contact us today.
