SOMOSTEL H8 Ultra Max Smart Watch is a high-end metal smartwatch designed for business men and outdoor sports lovers, integrating premium craftsmanship and all-round smart functions. The H8 Ultra Max Smart Watch adopts a sturdy zinc alloy case with exquisite CNC processing technology, making the H8 Ultra Max Smart Watch drop-resistant, scratch-proof and long-lasting for daily wear. Equipped with a 2.02-inch ultra-large HD touch screen, this H8 Ultra Max Smart Watch delivers bright, clear display with anti-fingerprint electroplated mineral glass, explosion-proof and daily waterproof, so you can wear the H8 Ultra Max Smart Watch while washing hands or walking in light rain without worry.

The H8 Ultra Max Smart Watch supports fast magnetic charging for convenient power supply, with long standby battery life to avoid frequent charging troubles. It comes with two replaceable straps: breathable soft silicone strap for sports and solid stainless steel metal strap for formal occasions, both comfortable to fit wrists firmly with snap fastener design. A flexible rotary button is set on the side of the H8 Ultra Max Smart Watch for smooth operation to switch watch faces and function menus randomly.

As a full-featured fitness device, the H8 Ultra Max Smart Watch built-in real-time health monitoring system to track heart rate all day long, and loads

multiple professional sports modes like running, cycling, walking, marathon and more. Besides sports tracking, the H8 Ultra Max Smart Watch enables Bluetooth dial & answer calls, realizing hands-free communication when driving or working. This H8 Ultra Max Smart Watch perfectly compatible with Android and IOS phones, available in multiple color options including black, silver and gold to match different dressing styles. Whether for daily business matching, outdoor workout or daily health management, this H8 Ultra Max Smart Watch is an ideal cost-effective smart wearable wholesale item for global buyers.
