

Specifications Thermal Paper Jumbo Roll for POS Paper Cutting

Component	Specifications
Product Type	Thermal Paper Jumbo Roll / Parent Roll
Paper Type	Direct Thermal Paper
Base Material	Wood Pulp Paper with Thermal Coating
GSM Range	48gsm / 55gsm / 58gsm / 65gsm / 70gsm
Roll Width	405mm – 1200mm
Roll Length	Customized According to Buyer Requirement
Roll Diameter	600mm – 1200mm
Core Size	3 Inch / 6 Inch Core
Coating Type	Single Side Thermal Coating
Image Color	Black / Blue Thermal Imaging
Brightness	High Brightness White Surface
Smoothness	Smooth and Dust-Free
Sensitivity	High Thermal Sensitivity
Print Quality	Sharp and Clear Printing
Image Stability	Long Image Retention
Moisture Content	5% – 7%
Surface Finish	Glossy / Matte Finish
Compatibility	Thermal Printing Machines
BPA Status	BPA Free / BPA Containing Options
Applications	POS Rolls, ATM Rolls, Receipt Rolls, Ticket Paper
Printing Technology	Direct Thermal Printing
Packaging	PE Film Wrapped with Pallet Protection
Loading Capacity	Approx. 15 – 25 MT per Container
Storage Condition	Cool and Dry Environment
Shelf Life	3 – 7 Years Depending on Storage
Certifications	ISO, SGS, FSC, RoHS
OEM Service	Available
Export Standard	Moisture-Proof Export Packaging
