

Technical drawing of the B3 10.1 inch TFT Transmissive LCD assembly. The drawing includes a top view of the LCD panel with dimensions and a side view showing the bezel and LED backlighting. The top view shows a rectangular panel with a central display area labeled "B3 10.1 inch TN". Dimensions include a total width of 235, a bezel opening width of 225.98, and a display area width of 125.28. The side view shows a bezel height of 116.68 and a total assembly height of 2.8 ± 0.2. A detailed view of the LED backlighting shows a 24 White LEDs array with a width of 14.5 and a height of 0.5. A pinout table is provided at the bottom right, listing pins 1 through 30 and their functions.
