Internal Dimensions(l x W x H)(mm): 5899*2352*2386

Place of Origin: USA

Brand Name: ZIQI

Size: 20feet

material: steel

Certification: CSC

20 FT Shipping Containers

20 foot shipping containers are the most popular product we offer and work great for storage of a wide variety of items. They are available either used (wind & water tight) or new. The heavy undercoating preserves the under structure of the container, the 1 1/8 inch thick wood floor is strong and durable, corrugated steel walls and roof keep your contents secure and the cargo doors and seals provide full access and weather and pest protection. Other storage products can't come close to the features of a simple storage container.

40 FT Shipping Containers

The 40 foot shipping container is perfect for high volume storage. Put 2 vehicles in side and they'll be safe and protected. Keep files, records, equipment and consumables safe from vandals, weather and pests. They are available either used (wind & water tight) or new. The heavy undercoating preserves the under structure of the container, the 1 1/8 inch thick wood floor is strong and durable, corrugated steel walls and roof keep your contents secure and the cargo doors and seals provide full access and weather and pest protection. Other storage products can't come close to the features of a simple storage container.
