Multifunction Indicator

ML500 LINERLESS

ML500 LINERLESS INDICATOR

The ML 500 labeller with Linerless has arrived to transform the way labels and tickets are printed.

With a 12-inch screen for the salesperson and 9-inch screen for the customer, this labeler offers an incomparable visual experience. In addition, its compatibility with Linux or Windows systems guarantees perfect integration with your work environment.

Print labels or tickets up to 60mm wide with no configurable length limit from our ENCASE ticket and label software and now also in linerless format.

Possibility of printing all paper formats available on the market:

Continuous roll of standard tickets

Standard Adhesive Label Roll

Adhesive continuous paper roll

Linerless roll (ECO adhesive paper type, elimination of waste in printing).

With this type of paper it is possible to print labels of variable length, depending on the data to be printed, which leads to a drastic reduction in paper.

In addition, the roll change is done in seconds thanks to its "Easy Load" fast loading system.

By choosing the ML 500 Linerless labeller, you are not only optimizing your labeling process, you are also actively contributing to the environment by reducing packaging and generating less waste!

The eco-friendly labeling revolution begins with the ML 500 labeling machine with Linerless
