

Model : A88ST

Android

Optional accessories:

Strap

T

Shoulder strap

Four point suspenders

Hand hold strap

Fixed support bracket

Desktop support

Portable water proof

Product parameters

Model Name	A88ST	RJ45	Suport TYPE-C to RJ45
CPU	MT6771 (octa-core) 2.0GHZ	3G/4G	Suport 4G
Operating system	Android 11	I/O interface	TYPE-C x1 Micro HDMI x1 TF card x1, SIM card x1 DC power port x1, Pogopin x1
Memory	4G+64G&8G +128G		
Size/weight	220*150*15mm (Minimum position 9mm)/610g There is an error in the manual measurement		
Explosion-proof (optional)	Petrochemical Class II		
Color of machine	Black	Capacity of battery	10000mAh
Display screen	8-inch IPS 1280*800 1920*1200 can be customized in batches 700cd/m ² , 1000cd/m ² can be customized in batches	Type	Non-removable battery
Camera	Front camera: 8MP fixed focus Rear camera: 16MP auto focus , flash	Class of protection	IP68
Touch screen	G+G, hardness ≥7H, support wet touch screen, glove touch screen	NFC	IC interface 13.56MHZ support 14443A, 14443B, 15693
Charger	5V-3A (DC plug outer diameter 3.5mm inner diameter 1.35mm)	Customized module	One/Two-dimensional code, ID card, fingerprint module/UHF module, RTK High-Precision Positioning
GPS navigation	GPS, Beidou, Galileo, GLONASS		
WIFI+ Bluetooth	WIFI 802.11(a/b/g/n/ac), frequency 2.4G+5.8G+BT4.2 Transmission distance: 10M		

Industry-leading configuration, casting ultra-high performance

There are only a handful of machines with built-in ID card module and UHF module, equipped with CPU-MTK6771, memory 4G+64G (8G+128G can be customized), cost-effective, resolution 1280*800 (can be customized 1920*1200); Brightness 700cd/m² (1000cd/m² can be customized) visible under strong light. Each message can be easily viewed indoors or outdoors. In addition, the 8-inch screen size is perfect for carrying around. The A88ST provides the right equipment for the right people, for example construction workers, engineers, electrical workers

Long endurance, improve user experience

With integrated polymer lithium-ion battery, 3.8V/10000mAh, rugged outdoor tablet can withstand more than 10 hours of use. If you run only one application, the battery life will last longer even if you work for a day. And this portable, rugged tablet certainly has plenty of power. As a result, field workers, consultants, engineers, geologists and maintenance personnel can rest assured that you can take it outdoors for work or live news events.

Rich expansion, focus on user scenarios

The front camera is 8MP and the rear camera is 13MP. Equipped with GPS, Beidou, Galileo, GLONASS for navigation and positioning; You can also use dual-band Wi-Fi (2.4G/5.8G) and Bluetooth 4.2. Or if you don't want to carry your phone around or use it as a hotspot all the time? This rugged Android tablet lets you plug in a SIM card and use 4G LTE. Easy to use, use anywhere!

Rugged and durable, improve user experience

Durable industrial tablet computer, IP68 waterproof and dust-proof, can withstand the influence of 1 meter seepage water soaking for 30 minutes, suitable for farmland outdoor work in low temperature and humid environment. The rugged 8" flat panel can withstand 1.2 m of ground impact and is particularly suited to work in demanding industrial, outdoor and manufacturing environments

Product Functions:

Android

4G module

Positioning
Module

WiFi/ Bluetooth

Camera

Two-dimensional
code recognition

Fingerprint
unlock
