### X810 Specification

#### 1. Parameter of X810

Model No.: X810	Dimension: 185×86×43 mm
Brand name:Tihoosky	Weight: 612g
Capacity : 21600mah	Full Charging Time : 3 - 4 hours
Start Current : 300A	Peak Current : 600A (3s)
Input : CC/CV 15V/1A	USB Output : 5V/2.8A
Laptop Output :12V/16V/19V/3.5A	Working Temperature :-10℃-85℃
Battery : Polymer Lithium Battery	Cycle Life: >3000 Times

#### 2.Structure

#### 3. Products Functions& Features

##### Product Functions:

- 1) Jump start the gasoline car ≤6.5L and diesel vehicles ≤5.0L
- 2) USB 5V/2.1A charging for smart phone, iPhone, tablets
- 3) 19V/16V/12V/3.5A output for charging laptops and Car electrical devices
- 4) LED flashlight with SOS, strobe and red beacon functions
- 5) Compass for direction

##### Product Features:

- 1) Built-in Safety control system : short circuit, reverse connection, over heat , over-charge , over discharge protection
- 2)Capable of cranking 12V gasoline engines and diesel vehicle Within temperature :-10℃-85℃
- 3) With high power polymer lithium battery inside (UL certification , CE, FCC, RoSh )
- 4) At least 3000 times cycle life

**4. Accessories ( Color box : 270×195×65mm )**

**5. Carton packing (10 boxes / carton Carton size :395×345×290mm Weight : 14.1KG )**
