China OEM Factory Custom Plastic ABS Nylon Aluminum Metal PA Rapid Prototype Product Model SLA SLS SLM 3D Printing

ABS, Plastic, Resin, Nylon,PA,Aluminum, Sheet,Copper..

Aluminum extrusion , Cnc machining, NC turning,Sheet Metal fabrication, Stamping ,Punching , Die casting parts, Laser

Anodized, Plating, Brushing, Polishing, Blackened, Powder coating, Sandblasting, Laser engraving, chromed,etc.

CMM, Projector, Calipers, Micro caliper, Thread Micro caliper, Pin gauge, Caliper gauge, Pass meter, Pass meter,Color analyzer, alcohol tester, hardness tester etc.

ISO 9001

Accuracy Of Machining:+/-0.05mm

Accuracy Of Grinding:+/-0.05mm

Surface Roughness:Ra0.8

Parallelism:0.01mm

Verticality:0.01mm

Concentricity:0.01mm

Prototype and Mass production

Extrusion tooling: 20 days after the drawing confirmed

3D printer: 3-7days

Diecast tooling and plastic tooling : 45 days after the drawing confirmed

CNC sample: within 10 days after the drawing confirmed

Mass Production: according to the QTY

For tooling : 50% prepayment and 50% after sample approved.

For mass production: 40% prepayment and 60% before ship and after QC.

Adjust based on the order

Delivery on time

Good quality control

Good after-sale services

Prototype and Mass production
