

name	D	C	BT
Product picture			
Cabinet size	884*436*652	1300*1200*600	1460*1230*850
Cabinet color	orange	white	black
weight	85KG	225KG	275KG
laser power	1000W /1500W /2000W		
control software	sun rise		
Laser wavelength	1070NM		
Fiber length	Standard configuration10M		
operation mode	Continuous / spot welding		
Speed range of welding machine	0~120MM/S		
Cooling water machine	Industrial thermostatic water tank		
Water requirements	Distilled water / purified water		
Consumables	Copper nozzle / lens / gas		
Operating ambient temperature range	15~35℃		
Working environment humidity range	<70%No condensation		
Welding head	Simple pendulum	Double pendulum	
Welding thickness	0.5-6MM		
Welding gap	0-1.6MM		
Adjustable spot size	0.1-5mm		
Welding wire range	0.8-1.6mm		
welding material	Stainless steel, iron, aluminum, galvanized plate		
Welding gas (optional)	Argon, nitrogen and air		
working voltage	220V		
Maintenance cycle	30 days
