

## 85" Network AD Player Specification

| TYPE                | Item                                         | Parameter          |
|---------------------|----------------------------------------------|--------------------|
| Display             | Panel Size                                   | 85"                |
|                     | Active area                                  | 1872*1053mm        |
|                     | Display Scale                                | 16:9               |
|                     | Max Resolution                               | 1920 *1080         |
|                     | Contrast Ratio                               | 4000:1             |
|                     | Brightness                                   | 450cd/m2           |
|                     | Color                                        | 16.7M              |
|                     | Viewing Angle                                | 89°/89°/89°/89°    |
| Power               | Power Supply                                 | 110~240V 50Hz/60Hz |
|                     | Power Consumption                            | < 390W             |
| Operate Environment | Operate Humidity                             | ≤80%               |
|                     | Storage Temperature                          | -20~+60℃           |
|                     | Operate Temperature                          | 0~+50℃             |
| Configuration       | Motherboard                                  | A20                |
|                     | Internal Memory                              | 2G                 |
|                     | Flash Memory                                 | 8G                 |
| Interface           | HDMI,USB ,RJ45,SD                            |                    |
| Menu language       | Chinese/English(Multiple Language Supported) |                    |
| Voice               | Built-in stereo speakers 8Ω5W*2              |                    |
| Installation        | Wall-mounting or Embedded                    |                    |
