## 2. Mechanical Description

| Name           | Content                             | Unit |
|----------------|-------------------------------------|------|
| Outline Size   | 67.7 (W) * 205.7 (H) * 4.5(T)       | mm   |
| Module size    | 7.84 (V.A)                          | inch |
| Resolution     | 480* 1280(RGB) Pixels               | -    |
| Viewing size   | 59.4(W) * 190.08(H)                 | mm   |
| Pixel size     | 0.12375(RGB) * 0.12375              | mm   |
| LCD Type       | TFT (262K)/ Transmissive / Positive | -    |
| Viewing Angle  | All                                 | -    |
| Driver IC      | -                                   | -    |
| Backlight Type | 6 Serial 4 Pararel LED              | -    |
| Interface Type | 4line MIPI                          | -    |
