

StrongFirst 

02 EXCELLENT DESIGN, REFRIGERATION EXPERT

◎ **Security protection**
Leak-proof with **NOK O-ring seal**

◎ **Durable in ultra-low temperature conditions**
Full-surface passivation of the sensor's surface
Conformal coating, **anti-static, moisture-proof, anti-corrosion**

HPT300-C Long time working at **low temperature -35°C**

Passivation

Conformal coating

- ✓ **Different output signals**
4~20 mA, 0~10 V, 0~5 V, 0.5~4.5V
- ✓ **Wide application**
Refrigeration system, HAVC system,
Air Compressors
- ✓ **Multiple pressure port to select**
1/4" NPT, 7/16-20UNF, 7/16-20UNF
Female or by customized

Refrigeration pressure transmitter

HAVC pressure transducer

Air Compressors pressure transducer
