Product N.W:47.90g

This 3-in-1 phone case adopts premium TPU and PC composite material, which brings flexible buffer and hard anti-drop protection at the same time. The surface features delicate leather texture, available in multiple colors to meet diverse style demands. Built-in 360-degree rotating stand allows free adjustment of viewing angles, perfect for video watching, video calls and hands-free use.

It is made with leather 2-in-1 craft, paired with soft fleece lining inside to prevent scratches on your phone back. Precise cutouts ensure easy access to all ports, buttons and camera without removing the case. Lightweight design at only 47.90g won't add extra burden to your device.

Custom colors and logo printing are acceptable. Low MOQ supports small batch trial orders for your market test.
