

Handheld Inkjet Coding Printers

Perfect Solution for Labeling and Marking

ZG1691

U DISKUPLOAD INFORMATION

Picture Support PNG,JPEG,BMP Format
No APP needed, directly edit in printer system,
or import pictures from USB

600DPI High Definition Nozzle

Clear printing, fasting printing, high
efficiency and no jamming

Product Model	1691
Printing Technology	Thermal Inkjet(TIJ)
Ink Throw Distance	Within 3mm,2-5mm(Distance between nozzle plate and print object)
Print Height	2-12.7mm
Optional Ink Cartridges	Solvent Based Quick-drying ink (42ml):red, yellow, blue, green, black, white
Operation System	RTOS
System Language	26 languages: Chinese (Simplified) / Chinese (Traditional) / English / Japanese / Korean / French / Italian, etc
Display	4.3" High Definition color screen,Resistive touch screen
Print Applications	Text, Numbers,Images, Logos,2D codes, Barcodes,Dates,Counter, etc.
Printabel Material	Paper/corrugated box/wood/fiberboard/cotton/plastic/ glass/transformer/aluminum foil/cable, etc
2D code Type	QRCODE/PDF417/DATAMATRT/DTMX-GS1
Barcode Type	UPCA/UPCE/EAN13/EAN8/INT25/CODE39/CODE128/EAN128/ITF14
Font Type	International fonts: Arial/Droid/Montserrat/Open Sans/TimesNewRoma
Resolution	300DPI / 400DPI / 600DPI Adjustable
Print Speed	Speed adjustable based on the horizontal resolution
Grey level	1~10
Max. Pixel Size	150 * 1300
External Ports	USB, Charging port, optical interface,Encoder
Standby Time	6 — 8 hour
Power Adapter	Input:AC100-240V Output: DC16.8V 1A
Working Environment	Working Temperature: 0℃ 45℃ (Best: 15℃ -35° C) Humidity:40%-60%
Memory Size	4G
Net Weight	0.68KG
Packaging Weight	1.2KG
Product Dimension	12*9*21CM
Packaging Dimension	26 * 18 * 17CM
