

Controller Series

Product Specification

4-key Wireless RGB Controller (iron vision)

XHM-G-RF04A

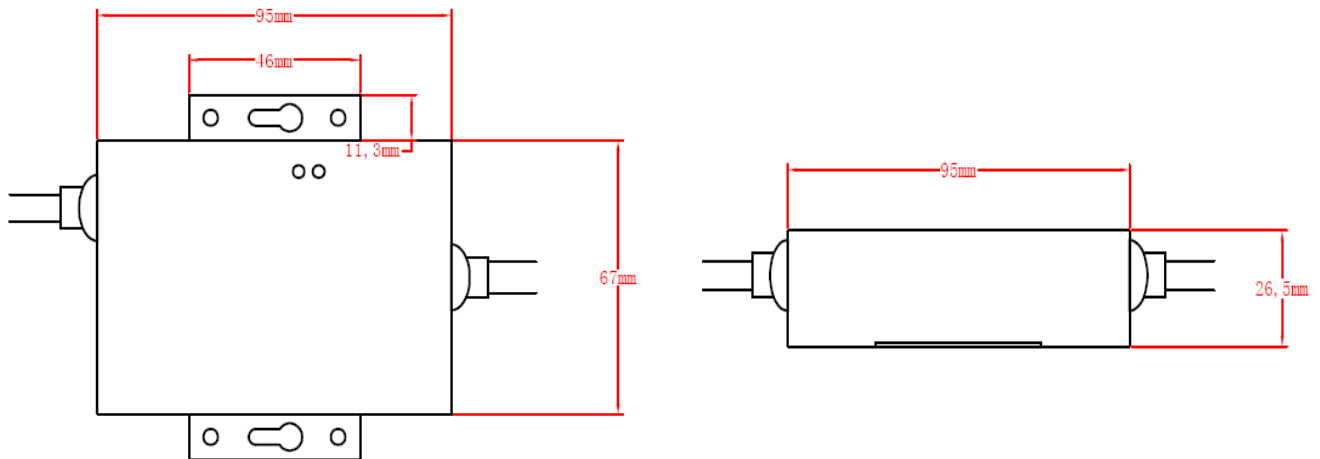

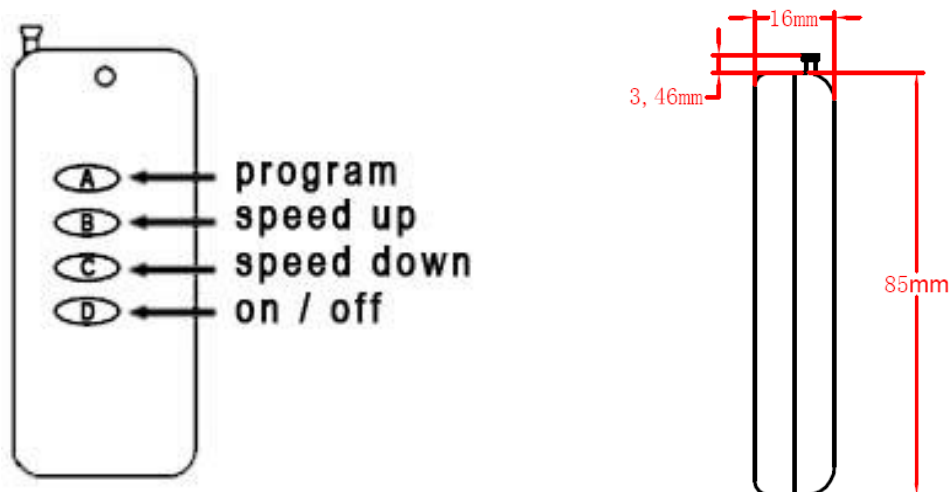

■ Features

- ※ Wireless control, gray iron shell, plain and durable
- ※ 12 kinds of changing modes, with power-down memory function
- ※ Can achieve the effects of jumpy changing color, gradual changing color and others
- ※ Speed adjustable under dynamic mode, without brightness adjustment key
- ※ With power and signal indicator light to show the controller's status
- ※ Fastening method for wire: butt joint after peeled
- ※ CE & RoHs certified, 2 years of warranty

■ Technical Parameter

Model	XHM-G-RF04A
Supply Voltage	DC 5V/ 12V/ 24V
Working Temperature	-20 - +60 ℃
Control mode	4-key RF control (433MHZ)
Remote control distance	20m
External dimensions (Lx W x H)	9x89.5x26.5mm
Packaging dimensions (Lx W x H)	145x97x50mm
Chassis material	Iron
Net weight	240g w/remote controller
Gross weight	280g
Output mode	3 channels
Maximum load	4A each channel
Connecting mode	common anode
Power output	5V/60W, 12V/144W, 24V /288W

**■ Dimension****CONTROLLER DIMENSION****REMOTE CONTROLLER DIMENSION****■ Key Function**

Key A: Mode control key, the changing mode add 1 by each pressing

Key B: Speed control key, the step of the speed change add 1 by each pressing

Key C: Speed control key, the step of the speed change subtract 1 by each pressing

Key D: You could turn on/off controller at any time

1-Static red	2-Static green	3-Static blue	4-Static yellow
5-Static cyan	6-Static purple	7-Static white	8-3 color jumping
9-7 color jumping	10-3 color gradual changing	11-7 color gradual changing	12-Jumping & gradual changing

Remark: When you change to the modes of 8,9,10,11,12, you can use the speed function keys to adjust the speed.
