

	Item Name		Smart Storm Ironarmor robot		Item number
	Product Detail:		Item size:	11*17*7cm	Weight:
			Material:	ABS	Color:
			Gift package	Size: 22*20*9cm Weight: 1.4kg	
			Outside package	Packing size: 66.5*40.5*30 Packing quantity: 19/ box Packing weight: 27kg	
			Technical parameters	Connection / transmission method:	BLE Bluetooth / USB
				Power:	1500mAh lithium I
				Microprocessor:	Arduino Mega2560
				Programmable Output Software:	Graphical Program Based on Scratch 2
				Programmable output module:	Infrared emitter, s RGB LED indicator: indicators, 2 DC ge
				Programmable sensors:	RFID module, light sensor, line sensor receiver
			Certification information	Product certification	
				Patent application	
			OEM	MOQ	
			Product features: Graphics programming, Multiplayer combat, Intelligent sensing map, Automatic patrol, APP automatic control.
