INTRODUCTION

Shandong Saite New Material Co., Ltd. was founded in 2001, located in the famous and centuried QILU city—ZIBO. In 2011, the Company was restructured as a joint stock limited company and successfully listed on QILU Equity Trust Trading Center in December. Thanks to years of research and development of specialty fiber, the Company has successfully developed fabrics of corn fiber and bamboo fiber which are used for the production of sanitary products as well as first applied specialty fiber to household articles, woman and the baby's sanitary products; Our natural, antibacterial and biodegradable household items and hygienic products which are made of corn fiber and bamboo fiber are national patents. Which are also in line with national industrial policy and catering to healthy, natural and ecological lifestyle pursued by the public, such products are ranked first industry-wide, putting an end to homogenized products and disorderly competition in the same trade.
