

Anti-shock protection: our dual case (premium acrylic + soft TPU) provides 360 protection by completely covering the cell phone. The built-in elastic mechanism of four corner airbags very well protects your cell phone against drops up to 4 meters high.

Camera and screen protection: The edge protrudes 0.5mm to protect the camera and protrudes 0.5mm from the side of the iPhone screen to cushion impacts and protect it from drops, fractures and scratches

LONG LASTING CLARITY - All of our acrylic and TPU materials are imported from Germany. Super anti-yellowing materials provide long-lasting clarity to show off the original beauty of your iPhone.

Dust-proof net design keeps sound effects original.
