

All-in-one TV configuration package

(More advanced version available)

Single operation system

Android : Quad-core/Operating memory: 3G/Storage memory: 32G/System: Android 8.0

Windows :

Standard configuration:

Motherboard: Industrial-grade industrial control main board

CPU : intel i3

Operating memory: 8G

Storage memory: 128G SSD (Optional 256G SSD)

Medium configuration :

Motherboard: Industrial-grade industrial control main board

CPU : intel i5

Operating memory: 8G

Storage memory: 128G SSD (Optional 256G SSD)

High configuration

Motherboard: Industrial-grade industrial control main board

CPU : intel i7

Operating memory: 8G

Storage memory: 128G SSD (Optional 256G SSD)

Dual operation system

Android : Quad-core/Operating memory: 3G/Storage memory: 32G/System: Android 8.0

Windows:

CPU : intel i3

Operating memory:8G

Storage memory:128GSSD (optional 500G mechanical hard disk)

OP: Win7 or Win10

TV Parameter:

Size: 32/43/49/55/65/75/85/98 inch touch screen

Aspect ratio: 16:9

Viewing angle: 178 degree

Brightness: 400cd/M3

Contrast ratio: 5000:1

Resolution: 1920*1080

Color: 16.7M

Input voltage: 100-240v~60/50Hz

Touch screen: 20-point infrared touch

Theoretical life: 6000 hours

Material: Aluminum, tempered glass

Working power: 60w

Optional function: movable bracket, smart pen

Packing: Foam, wooden pallet,Hard corrugated thickened carton

Accessory: warranty card, instruction, power cord
